# CROSS STATE HIGHWAY RESULT OF HARD WORK BY CLUBS AT ARCADIA

**NEW ROAD CUTS DISTANCE** FROM TAMPA TO MIAMI. **OPENS NEW SECTION** 

Celebration at Okeechobee Thursday To Dedicate South Florida Route

ARÇADIA, March 19, - Cribun News Service.)-The new Arcadia Cross-state highway, which will be dedicated Thursday by a motorcade to Okeechobee from both ends, cuts 18 miles from the drive from Tampa to East Coast points. It also opens a vast area of new territory.

The new highway has been attained only after hard work. Manatee county and DeSoto county built the links lying in their borders with county These links tap rich and un country.

Built in War Time

The 10 miles lying east of Arcadia was built by the government during the world war. The 18-mile stretch east from Dorr Field to Lake Anne has been the hardest part to complete as 12 miles is in Highlands coun ty and that county already had hard-surfaced road eastward.

DeSoto county voted for the six mile stretch of the road within its border in a million-dollar road bonissue, but this six-mile stretch would have been useless unless the 12 mile cast was built. The Arcadia Lions club took the initiative in getting the help of the state road department in building the 12-mile stretch.

The club obtained the co-operation

of other civic bodies and committee met with the state road department time after time until assurance of the road was given. DeSoto county commissioners agreed to turn the funds link over to the state road department which agreed to build the entire 18-

mile stretch. Work was at first dilatory. The grade was built by state convict la-The machinery belonging to DeSoto county and the convicts of the county were at last turned over to work on the boad under direction of the state road department and when the grade was completed the laying of the rock base and the surfacing was

contracted to the H. E. Wolfe Road Building Company, of St. Augustine. Actual work on the 18-mile stretch has been in progress for more than a year. Work was slow because all rock and materials had to be hauled by truck for many miles, from Lake Stearns on the east end and from Arcadia on the west end, making the building of the road a long and la-

New Road Straight

thing in favor of the new road is the fact that it is almost straight. few places where even the most inexperienced motorist could possibly take the wrong road. The mileage from Bradenton to Fort Pierce is cut to 147 miles. The mileage from Tam-pa to Fort Pierce is cut to 196 miles. The mileage from Tampa to Miami is made an even 300 miles and every mile is over hard-surfaced road 15 or

more feet wide.
The read takes the motorist through many nilles of pine forests; over beautiful Peace river and many creeks, through orange groves and fields of growing truck, past lakes and through the pariries of east DeSoto county. The new highway completes a loop

that forms an ideal trip for the mo-torist wanting to see the state. The northern motorist reaching Jacksonville can travel south on the east Dixic highway to Miaml, then come back to West Palm Beach and go over the to West Pain Beach and go over the Conners highway or back to Fort Pierce to the Arcadla cross-state highway and travel to. Bradenton and to Tampa, then return north by the mid-state Dixle Highway. This big loop will take the motorist through the entire state enabling him to see prractically all of it and never leave a good, hard-surfaced road.

Citizens Euthusiastic

DeSoto county citizens are enthusiastic over the assistance and co-operation given by the state road department, and they are praising the work of the Wolfe company.

Every community traversed by the new highway will participate in the celebration of its opening. Motorcades will go from both ends to Okeechobee where the celebration will be held. Dr. Fons A: Hathaway, chairman of the state road department, will be one of the principal speakers.

#### COURT IN HARDEE FACES LONG TERM

WAUCHULA, March 19 .- (Tribune News Service.)—The spring term of circuit court, which opened here Tuesday, faces perhaps two more weeks of activity, court officials declared today.
The grand jury considered 24 cases,

returning true bills in 17 and finding no true bills in 7. This body completed its work in two days. Judge W. J. Barker is on the bench, and M. R. McDonald is prosecuting attor-

### HARDEE VOTERS FAVOR SCHOOL CONSOLIDATION

WAUCHULA, March 19,-(Tribune News Service,)-An election in the four school districts east of here on consolidation, carried by a vote of 66 to 21. The four districts plan to erect a sultable building in the Lake branch district that will be ready for the fall term. There are approximately: 160 pupils in the districts. At the same election, Henry W. Smith, C. C. Skipper and M. W. Drawdy were named trustees.

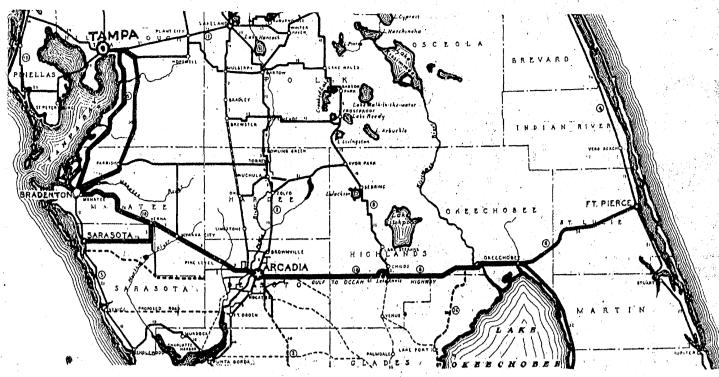

AUDITORIUM DELAYED WAUCHULA, March 19.—(Tribune News Service.)—The opening date of the new \$80,000 city hall auditorium has been postponed on account of the delay in the installation of the scals he auditorium has a seating capac-
