

\$2,300,00 PAID FOR 2 TRACTS

Realty Company Doubles Holdings in Okeechobee, Osceola Counties

Holdings of the Gotham Realty Co. of Miami in Okeechobee and Osceola counties are practically doubled by the purchase of 104,000 acres for \$2,300,000 from the Consolidated Land Co. of Jacksonville, announced Wednesday.

The tract lies in six townships of these two counties and brings the total holdings of the company in this district to 240,000 acres, according to Samuel Kantor, Hahn building, president.

The same firm has also purchased 11,000 acres on the Dade and Broward county line for \$860,000 and 14,000 acres at Wimauma, 22 miles south of Tampa on the Tamiami trail for \$1,500,000. The latter tract was formerly owned by the Midway Land & Development Co.

Mr. Kantor has just returned from New York and reports that Florida is the chief topic of conversation there, while Pullman reservations on Miami-bound trains are at a premium and many report difficulty in obtaining hotel accommodations even when telegrams are sent several days in advance.
